Program Year 1 Action Plan Amendment Executive Summary

The Louisville/Jefferson County Metro Government 2011 Action Plan submitted to the U.S. Department of Housing and Urban Development (HUD) in May 2011 outlined projects and programs for 2011 aimed at addressing the goals identified in the five-year, 2010 to 2014, Louisville/Jefferson County Metro Government Consolidated Plan (Con Plan). These projects and programs include affordable housing, homeless prevention, supportive services, economic development, and community development activities.

Louisville/Jefferson County Metro Government's Citizen Participation Plan was designed to encourage active citizen participation in both the identification of needs within the community and the development of the goals and strategies to address those needs. This plan, which provides guidelines for all phases of consolidated planning, including amendments, deems that an amendment to the Action Plan is warranted given substantial changes which include the addition or deletion of an activity not previously included in the Consolidated Plan, changes to the location of an activity which affect the original scope of the project, changes to the scope of an activity which affect the original beneficiaries, changes in the scope of an activity due to modifications in funding level (a funding adjustment totaling 25% or more in a program year Action Plan budget for the project) and a series of changes representing a cumulative total of 10% or more in a program year Action Plan budget.

The Second Amendment to the 2011 Action Plan is concerned with the reallocation of \$1,326,000 in Community Development Block Grant funding previously designated for activities relating to the creation of a Neighborhood Revitalization Strategy Area in the Smoketown/Shelby Park Neighborhood. This funding will be reallocated to various eligible activities that will occur in conjunction with the Sheppard Square HOPE VI project occurring in the Smoketown neighborhood. While Louisville Metro remains committed to the revitalization of the Smoketown/Shelby Park neighborhoods the success of the Sheppard Square HOPE VI project is the first critical step to this revitalization. Activities to be funded include eligible demolition and infrastructure projects and the potential rehabilitation of a historic structure.

All reallocations proposed above are subject to approval by the Louisville Metro Council.
